IRD documentation

The IRD makes its scientific information resources available to scientists and practitioners working in the field of research for development

Main missions

Local and remote documentary services

- 15 documentation centres
- Documentalists can be contacted by e-mail

Subscriptions to scientific information

- Journals with links to full text
- Bibliographic and bibliometric databases

Exploitation of IRD's scientific production

- Database Horizon / Pleins textes
- Platform HAL-IRD : Open Archives

Monitoring of research publications

- Bibliometrics

Repository **Fonds Documentaire IRD** (FDI) gathers the IRD scientific publications in hard copy or digitised format

Locations

- Bondy, Brest, Montpellier
- 10 centres in the tropical regions

Recherche dans le catalogue collectif

HAL-IRD : portail des archives ouvertes IRD
Catalogue Pleins Textes Publications et acquisitions de l'IRD
Web of Science - Web of Science Core Collection, Current Contents, Connected, Medicine et Science
JCR (Journal Citation Reports) et Essential Science Indicators
Accès direct à la France uniquement

Revue de publications des frères Sultans : périodique mensuel de vulgarisation bibliographique

OpenEdition : plateformes numériques de publications en sciences humaines et sociales (Revue.org, Hypothèses, Cairn)

SAGE : 11 000 ouvrages en sciences humaines et sociales

AZ : 24 500 revues et 11 000 ouvrages en sciences humaines et sociales

SpringerLink : 17500 ebooks de Springer et 130 revues Elsevier et Academic Press

ScienceDirect : 175 revues Elsevier et Academic Press

Wiley Online Library : 130 revues Wiley et Blackwell

BioOne : 176 revues de biologie, écologie et sciences de l'environnement

CAIRN : 160 revues françaises en sciences sociales

Accès direct à nature
Accès direct à Science
Accès direct à PNAS

Information resources for scientific research

Researcher desk

Home page of the IRD's website > Researchers > Scientific and Technical Information

E-journal services : a dedicated gateway to full text articles «deAàZ»

Science direct ■ 2150 titles published by Elsevier Science.
Taylor & Francis ■ 1800 titles published in human and social sciences and sciences and technics
SpringerLink ■ 1314 titles published by Kluwer & Springer.
Wiley Online Library ■ 1370 titles published by Blackwell & Wiley.
JSTOR ■ Offers an archive base of 650 titles in social sciences and ecology
Sage ■ 648 titles published in human and social sciences and sciences, technics and medicine
BioOne ■ 176 English language titles in biology, ecology and environmental sciences
CAIRN ■ 160 French language titles in the humanities and social sciences
OpenEdition - Revues.org ■ 426 journals and 1450 e-books in human and social sciences
Direct access to the journals : Nature, Science and PNAS
Archive of Springer, Elsevier, Brill journals (national licences, ISTE project)
Catalogue of journal collections accessible in IRD's libraries.

Bibliographic and citation international databases

WoS ■ Web of Science Core Collection, 10,000 high impact worldwide research journals, since 1975, cover-to-cover with links to full text
SCIE ■ Science Citation Index Expanded, citations in science and technology
SSCI ■ Social Sciences Citation Index citations in humanities and social sciences
Medline ■ 4900 journals in biomedicine and life sciences.

Bibliometric tools

JCR ■ Journal citation reports : tool for the assessment and comparison of 8000 international journals in science and technology and social sciences. Start year : 2004
ESI ■ Essential Science indicators : Summarised publication and citation data for the analysis of research trends and performance. Start year : 1996
Researcher ID ■ A global, multi-disciplinary scholarly research community. Facility to create personal profiles.

Open Archives: Platform HAL-IRD

HAL-IRD, free online access to scientific literature both in the open archive HAL and the Horizon / Pleins textes search platform in a one keystroke operation.
